## SUMMARY

---

Motivated Full-Stack Web Developer with a BCA degree and a solid foundation in the MERN stack. Completed 10+ projects, enhancing user experiences and optimizing performance. Eager to apply technical skills and problem solving abilities to contribute to innovative projects in a dynamic development environment or team.

## Web Developer Intern

15 Jan 2024 - 15 Feb 2024

I had the opportunity to work on a range of products. These experiences have allowed me to apply and maintaining variety of skills, including HTML, CSS, JavaScript, API integration, DOM manipulation, and responsive design.

## PROJECTS

---

### Full Stack Book Store MERN Application

- Developed a full-stack book store application allowing users to download free books, with premium content accessible only to registered users.  
**Developed features such as:**
- Managed user registration and authentication for premium access.
- Developed download functionality for free and premium books.
- Created a contact form integrated with EmailJS for user inquiries.
- Delivered a functional bookstore app with secure user access and efficient query handling.
- Used **MongoDB** as the Database, **Node.js**, and **Express** as the Backend, **ReactJS** as the Frontend, **Tailwind CSS** as Styling, and **EmailJS** as Query Handling.

### Full Stack Blog Application

- Developed a blog application where users can register, log in, and upload articles with thumbnail photos. Only registered users can view posts, and post owners can update or delete their articles.
- Implemented user registration, article upload with thumbnails, role-based access control, Tiny MCE text editor, and smooth form handling with React Hook Form.
- Successfully created a functional blog app with secure user management, article creation, and role-based access.
- Used **Appwrite** Backend as a Service, **ReactJS** as Frontend, **React Hook Form** as Form Management, **Tiny MCE** as Text Editor, and **Tailwind CSS** Styling.

## SKILLS

---

JavaScript, MongoDB, Express JS, ReactJS, NodeJS, Git, REST API, Web Application, Frontend, Backend, Full-Stack, Problem Solving, collaborate with Team.

## Education

---

Bachelor of Computer Application: Gauhati University  
Computer Science.

CGPA: 7.9

Nov 2020 - Oct 2023
